NEWLYN 6TH JUNE

Join us for a relaxed day exploring one of Cornwall's most charming fishing harbours.

Newlyn is a lively Cornish fishing town nestled beside Mount's Bay, just west of Penzance. Its narrow granite streets wind down to a busy harbour where colourful boats land the daily catch, keeping centuries of maritime tradition

alive. The town's character blends working life with creativity — the famous Newlyn School of Art began here in the 19th century, and its spirit continues through galleries and studios today. Visitors enjoy strolling the quayside, watching fishermen at work, and discovering cafés and craft shops tucked among the lanes. With its mix of sea air, history, and local warmth, Newlyn offers a genuine glimpse of Cornwall's coastal heritage and community life.
